## Otis Historical Archives

### OHA 87 AFIP Historical Files

**Date of Records:** 1862-Present

**Size:** 243 Boxes

**Finding Aid:** Updated by Jasmine High (10/5/2009); Revised by Eric W. Boyle (2012)

**Access and Use:** The Otis Historical Archives is committed to providing open access to its collections as far as possible within the limits of privacy and confidentiality. Access to this collection is at the discretion of the Otis Historical Archives and material contained within the records may be subject to review before access is granted. Files containing private patient information and protected administrative and grant records are currently closed to researchers.

**Series/Scope and Content Note:** This collection is organized alphabetically and chronologically by subject and covers the history of AFIP from its origins in 1862 to the present.

#### **SERIES 001: ALPHABETICAL FILES**

Materials include information from various AFIP meetings, correspondence, administrative documents, annual reports, information on the *Atlas of Tumor Pathology*, building and maintenance information, lectures/seminars, autopsy manuals, awards/ceremonies, the centennial celebration, change of command records, course-related documents, branch/department reports, institutional review board documents, inspection reports, copies of the AFIP *Letter*, public affairs records, scientific advisory board documents, and strategic planning data. Fifteen boxes (075-090) contain Medical Museum materials on a wide range of subjects including operations, exhibits, history, memoranda, and meetings. Boxes 128 and 128A-D are currently closed to researchers because they contain personal medical materials and situation reports of a sensitive nature.

#### **SERIES 002: PUBLICATIONS**

This series includes material related to various AFIP publications including fascicles, transparencies, reprints, books, atlases and films on a wide range of subjects including pathology, tropical diseases, medical geology, emergency surgery, etc.
