

Finding aid for the

General Medical Products Information Collection (GMPI) OHA 168

Otis Historical Archives, National Museum of Health and Medicine, Armed Forces Institute of Pathology

Date of Records: 1815-present
90 cubic feet, 144 boxes

Description

Artificial collection of product information, primarily advertisements and trade literature, on medical equipment, prosthetics, and pharmaceuticals. Arranged by manufacturer. Item-level finding aid database from which company, title and year data was exported in January 2008 to create this finding aid. Use the database for the latest information.
