

Finding Aid for the Steggerda Collection

OHA 316

Otis Historical Archives, National Museum of Health and Medicine, Armed Forces Institute of Pathology

Date of Records: 1910-1940

41 Cubic Feet, 87 Boxes

Description

Anthropometric records collected by Carnegie Institution anthropologist Morris Steggerda. Includes photographs, measurements, hair samples, palm prints, and dental records of American Indians, Jamaicans, Tuskegee University students, and white Americans.

Jamaica

Box 1 Jamaica (College Students)

Race: Black

- 1. Index
- 2. Drawing Tests
- 3. Music Tests
- 4. Army Alpha Tests
- 5. Form Substitution Tests

Box 2 Jamaica (College Students)

Race: Black

- 1. Fingerprint Studies
- 2. Form Substitution Tests
- 3. Teeth Charts

- 4. Army Beta Tests
- 5. Form Discrimination Tests

Box 3 Jamaica (College Students)

Race: Black

- 1. Standardized Tests
- 2. Autobiographies
- 3. Family Trees
- 4. Form Discrimination Tests
- 5. Army Beta Tests

Box 4 Jamaica

(Contains some East-Indian girls)

- 1. Fingerprints and Blood Samples
- 2. Photographs
- 3. Anthropometric Dimensions
- 4. Teeth Charts and Hair Analyses
- 5. Name Lists from Mico Practicing School (About 400 names)
- 6. Lists of boys and girls growing up in the region-done by age to the nearest year up to age 18
- 7. Anthropometric Minor sheets
- 8. Army Beta Tests
- 9. Army Alpha Tests

Box 5 Jamaica

Race: Black

- 1. Army Alpha Tests
- 2. Music and Drawing Tests
- 3. Form discrimination and Substitution Tests
- 4. Black Male college students
 - -photographs and charts
 - -anthropometric measurements
 - -interviews
- 5. Black Female college students
 - -photographs and charts
 - -anthropometric measurements
 - -interviews
- 6. Downey-Will Temperament Tests

Box 6 Jamaica

Race: Black (Gordon Town)

- 1. Photographs and questionnaires
- 2. Anthropometric Measurements
- 3. Downey-Will Temperament Tests
- 4. Army Alpha Tests
- 5. Women from Shortwood College
 - -photographs and charts
 - -anthropometric measurements
 - -interviews
- 6. Form Discrimination Tests

Box 7 Jamaica

Seaford Town: Blacks

- 1. Music Tests
- 2. Teeth Charts
- 3. Documentation of Twins
- 4. Form Discrimination Tests
- 5. Babies and their Mothers
 - -photographs and charts
 - -anthropometric measurements
 - -interviews
- 6. Army Alpha Tests
- 7. Records from the Fire Department
- 8. Race and Skin Measurements

Seaford Town : Whites

- -photographs and charts
- -anthropometric measurements
- -interviews
- 9. Army Alpha Tests

Box 8 Jamaica (Seaford Town)

Race: White

- 1. Form Discrimination, Substitution, and Music Tests
- 2. Tests for Credre Women
- 3. Records from the Police Department

- 4. Army Alpha Tests
- 5. Tooth and Hair Studies
- 6. Fingerprints
- 7. Lists of People
- 8. Whites in Grand Cayman

Box 9 Jamaica (Grand Cayman)

Race: White

- 1. Anthropometric Measurements
- 2. Fingerprints
- 3. Downey-Will Temperament Tests
- 4. Schoolgirl Measurements
- 5. Form Substitution Tests

Box 10 Jamaica (Grand Cayman)

- 1. Hair Samples and Teeth Charts
- 2. Black Female and Male Prisoners
 - -photographs and charts
 - -anthropometric measurements
- 3. Male and Female Students
 - -photographs and charts
 - -anthropometric measurements
 - -fingerprints
- 4. Creche Women and Babies
 - -photographs and charts
 - -anthropometric measurements
 - -fingerprints
 - -form substitution tests
- 5. Army Alpha Tests
- 6. Alpha School
 - -hair samples and teeth charts
 - -form substitution tests, sentence completions

Box 11 Jamaica

- 1. Alpha School
 - -form substitution and distribution tests
- 2. Grade Reports- Mico College
- 3. Name Lists of People Measured
 - -done in categories by race
- 4. Anthropometric Measurements of Babies

- -parents' races are considered important
- 5. List of Mothers and Children born in Jubilee Hospital
 - -some measurements are included
- 6. Babies born in Creche City
 - -photographs and charts
 - -anthropometric measurements
 - -hand prints

Box 12 Jamaica (Brownsville)

- 1. Blacks
 - -photographs and charts
 - -hand prints
 - -form discrimination tests
 - -anthropometric measurements
 - -army alpha tests
 - -hand and foot stencils

2. Whites

- -photographs and charts
- -hand prints
- -form discrimination tests
- -anthropometric measurements
- -army alpha tests
- -hand and foot stencils
- -hair samples
- 3. Misc. Hair Samples
- 4. Form Discrimination Tests
- 5. Downey-Will Temperament Tests
- 6. Binet Tests
- 7. List of Women Measured (by Race)
- 8. List of People (Genealogy)

Box 13 Jamaica (Miscellaneous)

- 1. Developmental Schedules
- 2. Test Reports
- 3. Annual Reports from the Board of Supervision
- 4. Miscellaneous Fingerprints and Hair Samples
 - -more observation sheets
- 5. Miscellaneous Photographs

Box 14 Jamaica (Miscellaneous)

- 1. Journal
- 2. Notecards by Age and Gender
- 3. Jamaican Plant Samples
- 4. Music Tests
- 5. Male Tooth Charts
- 6. Female Tooth Charts

Box 15 Jamaica

- 1. Assorted Music Tests

Box 16 Jamaica (Miscellaneous)

- 1. Codes
- 2. Name lists by School and by Town
- 3. Drawings test
- 4. Assorted Observations and Hair Samples
 - -includes a few anthropometric measurements
- 5. Tooth charts, Hand prints, and Hair Samples
 - (used in racial study)
- 6. Anthropometric Measurements and Hand/Foot Outlines
- 7. Correspondence (Letters)

American Indian

Box 17 Indian (Rehoboth and Crown Point)

-Longitudinal Measurements

- 1. Children under 10 (Rehoboth)
 - -anthropometric measurements
 - -photograph
 - -tooth chart
 - -initial hand/foot outline
 - -measurements taken for up to 10 years
- 2. Older Children (Rehoboth)
 - -anthropometric measurements
 - -photograph(s)
 - -tooth chart
 - -initial hand/foot outline
 - -measurements taken for up to 10 years
- 3. Adults and Miscellaneous (Rehoboth)
 - -anthropometric measurements
 - -photograph(s)

- -tooth chart
- -initial hand/foot outline
- 4. Children (Crown Point)
 - -anthropometric measurements
 - -photograph(s)
 - -tooth chart
 - -initial hand/foot outline
 - -not longitudinal

Box 18 Indian (Zuni, Ganado, Tuba City, Ft. Defiance)

-Longitudinal Measurements

- 1. Zuni Children
 - -anthropometric measurements
 - -photograph(s)
 - -tooth chart
 - -initial hand/foot outline
 - -measurements taken for up to 10 years
- 2. Ganado Indians
 - -anthropometric measurements
 - -photograph(s)
 - -tooth chart
 - -initial hand/foot outline
- 3. Children from Tuba City
 - -anthropometric measurements
 - -photograph(s)
 - -tooth chart
 - -initial hand/foot outline
 - -occasional palm print
 - -longitudinally measured
- 4. Children from Ft. Defiance
 - -anthropometric measurements
 - -photograph(s)
 - -tooth chart
 - -initial hand/foot outline

Box 19 Indian (Rehoboth, Crown Point, Point Defiance)

-Longitudinal measurements

- 1. People from Rehoboth
 - -anthropometric measurements
 - -photograph(s)

- -tooth chart
- -initial hand/foot outline
- -longitudinal for up to 9 years
- 2. People from Crown Point
 - -anthropometric measurements
 - -photograph(s)
 - -tooth chart
 - -initial hand/foot outline
- 3. Children from Point Defiance
 - -anthropometric measurements
 - -photograph(s)
 - -tooth chart
 - -initial hand/foot outline

Box 20 Indian (Good Shepherd, Ft. Defiance, Zuni, Ganado)

- 1. Children from the Zuni Mission
 - -anthropometric measurements
 - -photograph(s)
 - -tooth chart
 - -initial hand/foot outline
 - -longitudinal for up to 9 years
- 2. Children from the Good Shepherd Mission
 - -anthropometric measurements
 - -photograph(s)
 - -tooth chart
 - -initial hand/foot outline
 - -longitudinal for up to 7 years
- 3. Adults from Ft. Defiance
 - -anthropometric measurements
 - -photograph(s)
 - -tooth chart
 - -initial hand/foot outline
- 4. Ganado Indians
 - -anthropometric measurements
 - -photograph(s)
 - -tooth chart
 - -initial hand/foot outline
 - -occasional palm print

Box 21 Indian (Tuba City, Moencopi and Leupp, Fort Wingate, Tohatchi and Shiprock, Tohatchi and Ganado)

- 1. Children from Tuba City

- -anthropometric measurements
- -photograph(s)
- -tooth chart
- -initial hand/foot outline
- 2. Moencopi and Leupp Children
 - -anthropometric measurements
 - -photograph(s)
 - -tooth chart
 - -initial hand/foot outline
- 3. Ft. Wingate Indians
 - -anthropometric measurements
 - -tooth chart
 - -initial hand/foot outline
- 4. Tohatchi and Shiprock Indians
 - -anthropometric measurements
 - -tooth chart
 - -initial hand/foot outline
- 5. Tohatchi and Ganado Children
 - -anthropometric measurements
 - -tooth chart
 - -initial hand/foot outline

Box 22 Indian (Tohatchi and Shiprock, Miscellaneous)

- 1. Tohatchi and Shiprock Children
 - -anthropometric measurements
 - -photograph(s)
 - -tooth chart
 - -initial hand/foot outline
 - -longitudinally measured
- 2. Ft. Defiance, Ft. Wingate, Rehoboth Children
 - -anthropometric measurements
 - -photograph(s)
 - -tooth chart
 - -initial hand/foot outline
 - -longitudinally measured

Box 23 Indian (Miscellaneous)

- 1. Misc. Indian Measurements (Farmington)
 - -anthropometric measurements
 - -photograph(s)
 - -tooth chart
 - -initial hand/foot outline

- 2. Zuni Data Checking Sheets
- 3. Navaho Palm prints

Box 24 Indian

- 1. Navaho Growth Chart- females
- 2. Navaho Growth chart- males
- 3. Navaho Checking Sheets
 - -done longitudinally
- 4. Navaho Name Lists

Box 25 Indian (Miscellaneous)

- 1. Navaho Hand, Foot, and Ear Outlines
- 2. Height and Weight of Children at Rehoboth 1935
- 3. Navaho Stature and Weight Graphs and Tables
- 4. Assorted Photographs (Navaho, Zuni, Hopi, etc.)
- 5. Pencuyut census and Pedigrees
- 6. Growing Series- 1931
- 7. Navaho Twins
- 8. Navaho Photographic Plates
- 9. An essay on Cultic Religions (Peyote Cult)
- 10. Agriculture, Soil Erosion, and Conservation Photographs

Box 26 Indian (Miscellaneous)

- 1. Arts+Crafts Photos
- 2. Photos of ceremonies
- 3. Drawing Tests
- 4. Navaho Metabolism Records
- 5. The Boscher Family (White)
 - -anthropometric measurements
 - -tooth charts
- 6. Misc. Measurement sheets
- 7. Distribution of Anthropometric Measurements on 100 Navaho Girls (Ages 16-23)
 - -published study
- 8. Photographs of Buildings
- 9. Photographs of Occupations
- 10. Navaho Pedigrees (Family Trees)

Box 27 Indian (Miscellaneous)

- 1. Navaho Pedigrees
- 2. Navaho Computation Sheets for Anthropometric Measurements

- 3. Zuni Census (1938)
- 4. Negatives and Pictures (Navaho, Hopi and Zuni)

Box 28 Indian (Miscellaneous)

- 1. Navaho Birth Weights
- 2. Notes on Measurement Terms
- 3. Effects of Cradle Board on Head Shape in Navahos
 - -published in Annual Report
- 4. Charts of Heights and Weights of Zuni Children

Tuskegee Data

Box 29 Tuskegee

Race: Black

- 1. Tuskegee Children (Last Names A-H)
 - -anthropometric measurements
 - -photograph(s)
 - -tooth chart
 - -initial hand/foot outline
 - -longitudinally measured (up to 7 years)

Box 30 Tuskegee

Race: Black

- 1. Tuskegee Children
 - -anthropometric measurements
 - -photograph(s)
 - -tooth chart
 - -initial hand/foot outline
 - -longitudinally measured

Box 31 Tuskegee

Race: Black

- 1. 100 College Girls from Tuskegee Institute
 - -anthropometric measurements
 - -photograph(s)
 - -tooth chart
- 2. 100 College Boys from Tuskegee Institute

- -anthropometric measurements
 - -photograph(s)
 - -tooth chart
- 3. Checking Sheets and Name Lists of those measured
 - -longitudinal measurements
- 4. Growth and Weight of 70 Negro Females as Compared with a Standard (Chart)
- 5. Growth and Weight of 49 Negro Males as Compared with a Standard (Chart)

Box 32 Tuskegee

Race: Black

- 1. Distribution of Measurements of 100 Negro Women
 - -also contains standard deviation
- 2. Chart of Intervals between Births
- 3. Negro Folklore
- 4. Pedigrees (Family Trees)
- 5. Tuskegee Photographs
- 6. Tuskegee Institute Lists
- 7. Photos: Cherokee, Grey Hawk, Vera Cruz
- 8. Checking Sheets: Cotton Valley
- 9. Checking Sheets: Rising Star

Holland School

Box 33 Holland

- 1. Dutch Children (Section of 100 Children)
 - -anthropometric measurements
 - -tooth chart
 - -initial hand/foot outline
 - -longitudinally measured (up to 10 years)

Box 34 Holland

- 1. Dutch Children (Section of 100 Children)
 - -anthropometric measurements
 - -tooth chart
 - -initial hand/foot outline
 - -longitudinally measured (up to 10 years)

Box 35 Holland

- 1. Dutch Children (Section of 140 Children)

- -anthropometric measurements
- -tooth chart
- -initial hand/foot outline
- -computational sheet
- -longitudinally measured (up to 10 years)

Box 36 Holland

- 1. Dutch Children
 - -anthropometric measurements
 - -tooth chart
 - -initial hand/foot outline
 - -computational sheet
 - -genealogical sheets
 - -longitudinally measured

Box 37 Holland

- 1. Dutch Children
 - -anthropometric measurements
 - -tooth chart
 - -initial hand/foot outline
 - -computational sheet
 - -genealogical sheets (2 complete folders)
 - -longitudinally measured (not all for the same length of time)

Box 38 Holland

- 1. Dutch Children
 - -anthropometric measurements
 - -tooth chart
 - -initial hand/foot outline
 - -hair samples
 - -longitudinally measured
- 2. Charts of First Menstruation for Dutch Girls
- 3. Dutch Brother and Sister Study (comparative)
- 4. Data on 1st and 2nd measurement of stature
- 5. Dutch Name Lists
- 6. Data on Twins
- 7. Articles on the History of Holland, Michigan

Box 39 Holland

- 1. Dutch Name Lists

- 2. Dutch Height and Weight Charts (1934 and 1941)
- 3. Height and Weight Calculations for Charts
- 4. Retarded Group Measurements
 - -anthropometric measurements
 - -tooth chart
 - -growth charts
- 5. Graph: "Development of Stature and Weight of 94 Dutch White Females as Compared to a Standard"
- 6. General Notes

Mayan Series

Box 40 Mayans

- 1. Miscellaneous Adult Data
 - -anthropometric measurements
 - -tooth chart
 - -photographs
 - -palm and foot prints
 - -initial hand/foot outline
- 2. Edmunda Dzib Family Data
 - -anthropometric measurements
 - -tooth chart
 - -photographs
 - -palm and foot prints
 - -initial hand/foot outline
- 3. Tun Family Data
 - -anthropometric measurements
 - -tooth chart
 - -photographs
 - -palm and foot prints
 - -initial hand/foot outline
 - -data taken longitudinally
- 4. Tamay Chan Kom Family Data
 - -anthropometric measurements
 - -tooth chart
 - -photographs
 - -initial hand/foot outline
- 5. Batun- Chan Kom Family Data
 - -anthropometric measurements
 - -tooth chart
 - -photographs
 - -initial hand/foot outline
- 6. Chan Kom Family Data

- -anthropometric measurements
- -tooth chart
- -photographs
- -palm and foot prints
- -initial hand/foot outline
- -data taken longitudinally

Box 41 Mayans

- 1. Chan Kom Children
 - -anthropometric measurements
 - -tooth chart
 - -photographs
 - -palm and foot prints
 - -initial hand/foot outline
 - -data taken longitudinally up to 10 years
- 2. Piste Children (Assorted Families and Isolated Children)
 - -anthropometric measurements
 - -tooth chart
 - -photographs
 - -palm and foot prints
 - -initial hand/foot outline
 - -data taken longitudinally up to 10 years
- 3. Miscellaneous Mexican Children
 - -anthropometric measurements
 - -tooth chart
 - -photographs
 - -palm and foot prints
 - -initial hand/foot outline
 - -data taken longitudinally
- 4. Francisco Ceme Family
 - -anthropometric measurements
 - -tooth chart
 - -photographs
 - -palm and foot prints
 - -initial hand/foot outline
- 5. Marty Family
 - -anthropometric measurements
 - -tooth chart
 - -photographs
 - -palm and foot prints
 - -initial hand/foot outline

Box 42 Mayans

- 1. Gregorio Ek Family and Other Assorted Groups
 - -anthropometric measurements
 - -tooth chart
 - -photographs
 - -palm and foot prints
 - -initial hand/foot outline
 - -data taken longitudinally
- 2. Group of Children
 - -data taken longitudinally

Box 43 Mayans

- 1. Mayan Children (Chan Kom)
 - -anthropometric measurements
 - -tooth chart
 - -photographs
 - -palm and foot prints
 - -initial hand/foot outline
 - -data taken longitudinally

Box 44 Mayans

- 1. Mayan Adults and Children
 - -anthropometric measurements
 - -tooth chart
 - -photographs
 - -initial hand/foot outline
 - -data taken longitudinally for children

Box 45 Mayans

- 1. Mayan Children
 - -anthropometric measurements
 - -tooth chart
 - -photographs
- 2. Human Pedigrees (Family Trees) for Families in Chan Kom
- 3. Brochure on the Economy (In Spanish)
- 4. 1930 Census

Box 46 Mayans (Photographs)

- 1. Agriculture
- 2. Animals and Transportation
- 3. Arts and Occupations

- 4. Campeche Expeditions
- 5. Churches
- 6. Dwellings
- 7. Food and Clothing
- 8. Guatemala

Box 47 Mayans (Photographs)

- 1. Miscellaneous
- 2. Officials and Yucatecans
- 3. People
- 4. Plants and Roads
- 5. Ruins

Box 48 Mayans (Photographs and Measurements)

- 1. Pictures of Schools
- 2. Staff Photos
- 3. Water Supply Photos
- 4. Xiv Family Photos
- 5. Child Physical Development Photos
- 6. Maya Lists for Standard Measurements
- 7. Miscellaneous Notes, including Record of Births, Deaths, and Marriages (1917-1941)

Box 49 Mayans and Guatemalans

- 1. Chart: "The Growth in Stature and Weight of 59 Maya Females Compared with a Standard"
- 2. Chart: "The Growth in Stature and Weight of 69 Maya Males Compared with a Standard"
- 3. Lists of People used in Standards and Growing Series
- 4. Lists of People Measured in Piste
- 5. Lists of Working Men in Piste
- 6. Checking Sheets of People no Longer Measured in Yucatan
- 7. Guatemalan Indians
 - -anthropometric measurements
 - -photographs
 - -initial hand/foot outline

Box 50 Mayans

- 1. Mayan Metabolism Sheets
- 2. Piste Human Census Material 1931-1941
- 3. Record of Modern Maya Hunting Methods

- 4. Mayan School Records

Box 51 Mayans

- 1. Mayan Pedigree Charts
- 2. Maps of the Surrounding Area

Box 52 Mayans

- 1. Loose Assorted Photographs (Negatives and Positives)

Box 53 Mayans

- 1. Loose Assorted Photographs (Negatives and Positives)

South American Series

Box 54 South Americans

- 1. South American Indian Manuscripts
- 2. Descriptive and Ethnological Data by Indian Group
 - -includes average anthropometric measurements
- 3. Anthropometry of South American Indians
- 4. List of South American Tribes

Box 55 South Americans

- 1. List of Tribes
 - -from Aguaruna to Caribs
 - -gives general ethnological data

Box 56 South Americans

- 1. List of Tribes
 - -from Cauixana to Jivaro
 - -gives general ethnological data

Box 57 South Americans

- 1. List of Tribes
 - -from Kagaba to Qurungua
 - -gives general ethnological data

Box 58 South Americans

- 1. List of Tribes
 - -from Rama to Yuracare
 - -gives general ethnological data

Miscellaneous/Family Histories

Box 59 Family History Series

- 1. Family History studies made at University of Illinois
- 2. Staps, Dunkelberger, Steggerda & Van Lente families measurements

Box 60 Family History Series

- 1. Steggerda Family History
- 2. Steggerda and Renkin Family History
 - -pedigrees
 - -photographs
 - -informational sheets
- 3. Various Other Branches of The Steggerda Family
 - -pedigrees
 - -photographs
 - -informational sheets
 - -anthropometric measurements

Box 61 Family History Series

- 1. Van Den Berg Family History (Steggerda Ancestors)
 - -pedigrees
 - -photographs
 - -informational sheets
 - -palm and foot prints
- 2. More Steggerda Ancestors
 - -pedigrees
 - -photographs
 - -informational sheets
 - -palm and foot prints
 - -anthropometric measurements

Box 62 Miscellaneous

- 1. Maya Palm Prints
- 2. Mex Pedigree Charts

- 3. Maps of Piste
- 4. Pedigrees (Various Indian Groups)
- 5. Pedigrees for the Yucatan Indians
- 6. Maya Indian Name Lists
- 7. Pedigrees of Children in Merida Schools
- 8. Pedigrees from Piste and Xocenpich
- 9. Color Plates by CIBA

Box 63 Miscellaneous Groups

- 1. Cold Springs Harbor (Census Material)
- 2. Cold Springs Harbor Children
 - -anthropometric measurements
 - -tooth chart
 - -photographs
 - -initial hand/foot outline
 - -data taken longitudinally
- 3. Loose Photos and Negatives
- 4. Blanks used by the Eugenics Records Office
- 5. Lists of People used on distribution Sheets
 - -Negro
 - -White
 - -Navaho
 - -Mayan

Box 64 Miscellaneous Groups

- 1. Assorted Palm Prints (Different Cultures)
- 2. Documentation of Dwarves in Letchworth Village, NY
- 3. More Assorted Palm Prints
- 4. Assorted Papers (Lactation Experiment)

Box 65 Miscellaneous

- 1. Anthropometric Measurements for Hopi Indians
- 2. Anthropometric Measurements for Navaho Indians
- 3. Adult Male Series
 - -anthropometric measurements
 - -hair samples
- 4. Anthropometric Measurements for Sioux Indians
- 5. Charts
 - -Ear Measurements of 100 Smith College Students
 - -Skin, Hair, and Eye Color of 100 Smith College Students
- 6. Techniques for Ear Measurements

- 7. Worries and Ambitions of Navaho High School Students
- 8. Notes from Jamaica
- 9. Seasonal Incidence of Births in Yucatan
- 10. Maya Birds

Box 66 Miscellaneous

- 1. Psychological Rating Scale Correspondence- Maya
- 2. Minnesota Pre-School Test
- 3. Account of Piste School Children in 1931 and again in 1941
- 4. Diagram of Maya Hair-Dressing
- 5. Sociological Factors in the Dutch Community
- 6. Mayan Nature Stories
- 7. List of Lantern Slides of Indians
- 8. Eugenic News
- 9. Study of Navaho Noses
- 10. Height + Weight Records of Maya Babies
- 11. Article on Yucatan Maize Production
- 12. Rating Scale for Determining Psychological Characteristics and Social customs (Indians)

Box 67 Miscellaneous

- 1. Rating Scale for Determining Psychological Characteristics and Social customs (Indians)
- 2. Photographs of Corn Experiment
- 3. 1942 Data on Milpa Experiment
- 4. Davenport Data
 - -anthropometric measurements (BOA Schedules)

Box 68 Miscellaneous

- 1. Davenport Data
 - -anthropometric measurements (BOA Schedules)
- 2. Measurements from Brooklyn Home for Children
- 3. Measurements from
 - -Sleighton Farm
 - -St. Johnsland
 - -Marquand School
 - -Elmira College
- 4. Miscellaneous Anthropometric Data

Box 69 Miscellaneous

- 1. Guatemala Palm prints
- 2. Miscellaneous Anthropometric Data
- 3. Hair
 - -Photographs of Hair Sections
 - -Methods on Embedding and Staining
 - -Comparisons by Race
 - -Measurements of Cross-Sections
- 4. Palm Prints
- 5. Methods of Interpreting Dermatoglyphics
- 6. Dermatoglyphics in Negro/White Crosses
- 7. Errors in Dermatoglyphics Interpretation
- 8. The Phylogeny of the Human Foot
- 9. Racial Differences in Palm and Sole Configurations
- 10. Palm and Sole Studies.

Box 70 Miscellaneous

- 1. Zuni Palm Prints
- 2. Error of Measurements on Inez Steggerda
- 3. Tuskegee Palm Prints
- 4. Navaho/ White Crosses
- 5. Half-Breed and Non-Navaho Palm Prints
- 6. South American Missions
- 7. North American Indians (Index)
- 8. South American Indians (Index)
- 9. Ethnological Data on 150 Indian Tribes
- 10. South American Maps

Box 71 Miscellaneous

- 1. Tooth Charts
 - -Guatemala
 - -Tuskegee
- 2. Merida School (Teeth and Hair Sample)
- 3. Languages of Maya
- 4. Measurements of Warriors on Columns at Chichen Itza
- 5. Info on Shinnecock Indians
- 6. Loose Papers
- 7. Measurements on Isolated People
- 8. Measurements on Charles Bunn Family
- 9. Measurements on Emmet Crippen
- 10. Measurements on Seymour Eleazer Family
- 11. Measurements on Fred Cuffee Family
- 12. Measurements on David Kellis Family

- 13. Measurements on Lilian Lee Family
- 14. Measurements on Henry Smith Family

Box 72 Miscellaneous

- 1. Notes on Shinnecock Indians of Long Island
- 2. Navaho Pedigrees
- 3. Cuffee/Shinnecock Pedigree
- 4. Shinnecock Music Tests
- 5. Study of Mastic Indians
- 6. Maps and Pictures of a Reservation
- 7. Art Tests Holland, Yuba City, Zuni
- 8. Standard for Physical Measurements on Growing Children
- 9. Analysis of Shinnecock Data
- 10. Loose Papers
- 11. Pedigrees of Relationships on the Reservation

Box 73 Miscellaneous

- 1. Maps of Yuacatan
- 2. Notes on Agriculture
- 3. Milpa Experiments

Box 74 Miscellaneous

- 1. Dutch Twins Study
 - -data
 - -Palm Prints
- 2. White Twins
 - -data
 - -Palm Prints
- 3. Negro Twins from Tuskegee
 - -data
 - -Palm Prints
- 4. Miscellaneous Slides

Box 75 Miscellaneous

- 1. Correspondences
- 2. Stature, Headform, and General Anthropometry
- 3. Charts by Harvey Widman
- 4. Papers dealing with Summer Assistants
- 5. Paper on Mayan Ethnobotany
- 6. Correspondence with C. B. Davenport

- 7. Correspondence with Castillo and Dzib
- 8. Correspondence with Europe and Asia
- 9. Calculations for Height and Weight Charts
- 10. Size of Maya Palates
- 11. Daily Weight Record of Fred Steggerda, Jr.
- 12. Corn Experiment, Summer 1933
- 13. Technique for measuring Physical Fitness
- 14. List of Physical Abnormalities
- 15. Somatic Characteristics from Various Groups
- 16. Map of Indians of the United States
- 17. Historical Review of Measuring Length

Box 76 Miscellaneous

- 1. Papers on Maya Ethnobotany
- 2. Twin Studies
 - -Hair
 - -Teeth
 - -Palm Prints
 - -Photographs

Box 77 Miscellaneous

- 1. Hope College (Papers and a Theme)
- 2. Genetic Experiments Performed with Fowls (College Days)
- 3. Pedigrees and Tables of "Physical Experiments Performed on Dutch Men and Women"

Box 78 Miscellaneous

- 1. Students' Laboratory Handbook in Agriculture
 - -University of Kansas Dept. of Entomology
- 2. Lecture Notes on Cytology
 - -ch 1 (The Cell and Cell Division)
- 3. Lecture Notes on Cytology (ch 2)
