Otis Historical Archives

OHA 334 Training Aids Section Files

Date of Records: 1955-1960s

Size: 2 Boxes

Finding Aid: Revised by Eric W. Boyle (2012)

Access and Use: The Otis Historical Archives is committed to providing open access to its collections as far as possible within the limits of privacy and confidentiality. Access to this collection is at the discretion of the Otis Historical Archives and material contained within the records may be subject to review before access is granted. Files containing private patient information and protected administrative and grant records are currently closed to researchers.

Series/Scope and Content Note: This collection consists of technical manuals, training manuals and materials related to mannequins and moulages used in training. Wherever there is a technical manual number associated with the training material it is listed. Otherwise any other associated number is provided.
