Museum Records: Education/Public Programs, Levinson Office Files

Date of Records: 1989-1995

Size: 6 Boxes

Finding Aid: Prepared by Joan Redding (1/10/94); expanded (3/20/96); Revised by Eric W. Boyle (2012)

Access and Use: The Otis Historical Archives is committed to providing open access to its collections as far as possible within the limits of privacy and confidentiality. Access to this collection is at the discretion of the Otis Historical Archives and material contained within the records may be subject to review before access is granted. Files containing private patient information and protected administrative and grant records are currently closed to researchers.

Series/Scope and Content Note: Richard (Dick) Levinson served as the Medical Museum's Community Relations Specialist or Public Affairs Officer from 1989 to 1995. Levinson produced press releases and coordinated relations with the media. The records include material on the campaign to relocate the Museum to the National Mall, a proposed study of Abraham Lincoln’s DNA to determine if he had Marfan’s Syndrome, alternative medicine activities at the Museum, exhibit information, activities of Museum director Marc Micozzi, and other Museum publicity and events. The final box contains audiotapes and videotapes, primarily documenting media coverage of the Museum.
