Tuesday, February 25, 6-7 p.m.

**The Silent War - Wound Infections:
Past, Present, and Future**

Join us for this discussion on how the military combats wound infections today compared to past wars. And learn how the problem of multidrug-resistant bacteria is changing the game in the fight against bacterial infections.

Speaker: Daniel Zurawski, Ph.D., Chief of Pathogenesis and Virulence for the Bacterial Disease Branch, Walter Reed Army Institute of Research.

2500 Linden Lane, Silver Spring, MD 20910
